

To Whom This May Concern:

Packet Power products are certified for use in Australia, Canada, the European Union, New Zealand, South Africa, the United Arab Emirates and the United States as well as by other countries that support the CB certification scheme or accept CE certification.

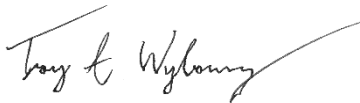

The products meet the following electrical safety, radio and electromagnetic emissions standards:

- UL / ANSI standards 61010-1, Second Edition, Dated July 12, 2004 with revisions through and including October 28, 2008
- CAN/CSA-C22.2 No. 61010-1, second edition, including Amendment 1, or a later version of the same standard incorporating the same level of testing requirements.
- Council Directive 2006/95/EC (December 12, 2006) on Low Voltage Equipment Safety; IEC 61010 - 1:2001 (Second Edition) and EN 61010-1:2001 (Second Edition)
- Council Directive 1999/05/EC - European Union (EU) Radio & Telecommunications Terminal Equipment Directive (R&TTE) ETSI EN 300 220-2, Issued:2006/04/01 and ETSI EN 301 489-3, Issued:2002/08/01 V1.4.1
- Council Directive 2004/108/EC (December 15, 2004) on Electromagnetic Compatibility CENELEC EN 61326-1 Issued:2006/05/01; IEC 61326-1:2005;:1997 –
- AS/NZS 4268: 2008

The devices are also certified as a US FCC Class B device. They variously carry the cULus / ETL, IC, FCC and CE marks and are also eligible to carry the ICASA mark.

Please contact us with any questions.

Sincerely,

Troy Wyborny
